Single Claim and 60/90 Day Reporting

Recently we have had questions relating to the impact of P.L. 105-336 requirements for single claims on the 60/90 Day reporting requirements. As you know the law requires that State agencies (SAs) which administer more than one of the Child Nutrition Programs, i.e., National School Lunch (NSLP) School Breakfast (SBP), Special Milk (SMP), Child and Adult Care Food Program (CACFP), and Summer Food Service Program (SFSP), develop a common claim for use by their school food authorities (SFAs).

The current 60/90 Day Guidance allows SAs to track the reporting for each of the Child Nutrition Programs separately. The guidance also states that the granting of a one-time exception to a SFA for one program would not preclude that SFA from receiving a one-time exception for the other program(s) it operates. Therefore, we have determined that the policies delineated in the 60/90 Day Guidance continue to apply individually to each program included in the SAs common claim form.

Keep in mind however, that the SA does have the authority to be more stringent than our regulations. It would be permissible to have shorter timeframes for claims submission or to group programs for exception purposes, such as by the FNS reporting mechanism i.e. FNS 10 (NSLP, SBP, SMP), 44 (CACFP), and the 418 (SFSP).
